GARDEN SCHOOL NEWS

Dental Screening begins on Thursday January 26th. The dental hygienist will receive the list of students who have had parental requests to not be screened and will be following up with students who require feedback. If you do not want your child screened please let Celia know in the office.

February is fast approaching and February is Kindergarten Registration Month. At Garden, our Kindergarten teachers recognize that children come to school with diverse backgrounds and rich experiences. Our Kindergarten programs will build upon these experiences and support child to learn, grow, and succeed.

Our youngest learners benefit from engaging in a variety of rich and authentic learning, both indoors and outdoors. Our classroom programs are designed to bring The Kindergarten Program 2016 to life by providing children opportunities to learn through play, inquiry, and exploration. Throughout the two-year Kindergarten program, classroom educators support the children in developing their sense of belonging, well-being, and problem solving skills. Throughout the day, children explore literacy, mathematics, science, physical education and the arts.

To attend Junior Kindergarten in September, children must turn four-years-old by December 31. To register for Senior Kindergarten, children must be five-years-old by December 31. Please come and visit with Celia in the office to book your appointment to register.

Your child's lifelong journey of learning begins at the Garden Avenue Public School!
